## Study nursing

We're one of the largest and most established schools of nursing in Australia, with more people choosing to study nursing with QUT than any other university in Queensland.

### Why study nursing at QUT?

- Learn from some of the most respected and influential policy-shapers in Australian nursing today.
- Access leading facilities that simulate real workplace environments at both our Kelvin Grove and Caboolture campuses.
- Be part of a School of Nursing that's globally recognised for excellent outcome-focused research that addresses contemporary health issues.
- Study focused postgraduate programs that respond to priorities in nursing practice and are delivered by professionals who are leaders in clinical facilities.
